

# InnoDAO: Democratizing Innovation Through Decentralized Collaboration

Bridging visionary ideas with real-world impact through AI, blockchain governance, and community collaboration.

# Our Mission

## **Democratize Innovation**

Empower ordinary people with extraordinary ideas

## **Connect Global Minds**

Link thinkers, doers, and experts worldwide

## **Ensure Transparency**

Leverage Pi blockchain for fair governance

We believe groundbreaking solutions to global challenges often come from ordinary people with passion and creativity. By harnessing AI, blockchain, and the Pi Network, we create an inclusive platform where anyone can propose, support, and develop projects for the common good.

# About InnoDAO

## Bridge Ideas to Impact

Connect visionary concepts with resources needed for implementation

## Democratize Access

Provide equal opportunity for funding and mentorship

## Build Global Network

Create inclusive collaboration between experts and citizens

## Ensure Transparency

Maintain accountability through blockchain governance

Founded by Konstantin Tunturov in Prague, InnoDAO is a personal, non-commercial initiative focused on education and collaboration. We're guided by values of openness, inclusivity, and responsibility.

# How It Works

## Idea Submission

Anyone can propose a project or solution to a real-world problem, including description, goals, and potential impact.

## AI Analysis & Community Feedback

Advanced AI tools review proposals while community members provide feedback, refinement, and mentorship.

## DAO Voting & Implementation

Community members vote on proposals using the Pi blockchain. Approved projects receive support and are implemented with ongoing oversight.

# Community Roles

## Subject-Matter Experts

Share knowledge and guide projects in specialized fields

## Project Contributors

Developers, designers, and volunteers building solutions

## Enthusiasts & Supporters

Spread the word, donate resources, and participate in voting

## Activists & Visionaries

Propose bold ideas addressing urgent global challenges

# Get Involved

## Subscribe

Get the latest news, project updates, and invitations to virtual events through our newsletter.

## Submit Ideas

Have a project or concept? Send it through our contact form or email for AI and community refinement.

## Contribute

Volunteer your skills, time, or (in the future) Pi tokens to projects you care about.

By getting involved, you become part of a global community that believes in open, collaborative innovation. Contact us at [tunturov@email.cz](mailto:tunturov@email.cz) to get started.

# Terms of Use

## **Non-commercial Initiative**

InnoDAO is a personal project operated by Konstantin Tunturov for educational purposes only.

## **Voluntary Participation**

Participation is voluntary with no guarantee of funding, partnerships, or project success.

## **No Warranties or Liability**

We make no warranties about information accuracy and disclaim liability for damages from platform participation.

# Privacy & Cookie Policy

## ▼ Personal Data Collection

We collect only information you provide voluntarily (name, email). Data is controlled by Konstantin Tunturov (tunturov@email.cz) and used solely for newsletters and responses to inquiries.

## ▼ Your Rights

Under GDPR, you have the right to access, correct, or delete your personal data. You can unsubscribe or request deletion by contacting us.

## ▼ Cookie Usage

We may use necessary cookies for site functionality and analytics cookies to gather anonymous data. You can disable cookies through browser settings at any time.
